

SCIENCE EDUCATOR POP-UP CONFERENCES ARE COMING TO A CITY NEAR YOU!

Come learn about phenomena in science instruction! The Groundwater Foundation has teamed up with the Nebraska Association of Teachers of Science and the Nebraska Department of Education to bring phenomena-based curriculum to you. Learn to use fun, hands-on tools for groundwater education in your classroom, engage with local experts and resources, and network with other educators at a reception following each conference.

HASTINGS – WEDNESDAY, JUNE 20

www.groundwater.org/popuphastings.html

9:00 a.m. – 4:30 p.m.
